Questions and Answers

- 1. What is Group Short Term Disability Insurance?** Group Short Term Disability Insurance is income protection for when you cannot work due to non-occupational illness or injury. This Short Term Disability supplemental insurance product has an elimination period of 30 days (benefits start on the 31st day after a covered illness or injury) and covers you up to 8 months. You can select the amount of monthly benefit you want, in \$100 increments, from \$300 per month to \$2000 per month, subject to income requirements.
- 2. Why is this product being offered now?** Many Flight Attendants have been asking for a Short Term disability product. If your Sick leave bank balance is low, you may have no income protection from the time it runs out until Long Term Disability starts (if you elected the coverage), which is 270 days after illness or injury. Your AFA MEC Benefits Committee has been searching for an acceptable replacement to the minimal Short Term Disability benefit that ended in United's bankruptcy. This has proved to be a difficult process, and AFA teamed up with Design Benefits to find a plan with group rates for United Flight Attendants and terms that would work the best for our diverse workgroup.
- 3. How do I enroll in this insurance?** A web based enrollment is available by going to www.unitedafa.org. - 5. Can I enroll if I am on Voluntary Furlough or a Leave of Absence?** No, you must be an active Flight Attendant to enroll in this plan.
- 6. How are the Short Term Disability rates calculated?** The rates for this Short Term Disability plan have age bands that use the age you are at the time you sign up, and the amount of coverage you select. As mentioned in the answer to question 1, you select the monthly benefit amount from \$300 to \$2000 per month, subject to income requirements.
- 7. As I get older do my rates go up?** No your rates are locked in at the age you are at the time you sign up for the plan.
- 8. There are other Insurance products being offered at the same time as this Group Short Term Disability Insurance offering, what are they?** They are Group Accident, Group Critical Illness and Group Supplemental Hospital Income Plans. These plans are all optional.

18. **I am trying to go online to the enrollment site and make changes to my application and I always arrive at the payment selection page. Why does that happen?** In order for your initial enrollment to be locked into the system, you must complete the application all the way through the payment portion. If you exit in advance of completing the payment portion of the application, and then re-enter at a later date, the system will open to the payment page for completion of your application.
