

Uniform Donation and Disposal Policy

You are responsible for the proper donation or disposal of your old uniform items. Uniform items should not be discarded in any base locations.

Discarding Uniform Items

- Uniform items must be destroyed if no longer wearable
- Cut out any identifying marks such as logo on shirt or blouse, stripes on jackets and buttons.
- For security reasons, any uniform item (current or expired):
 - Cannot be sold on the internet.
 - Cannot be sold or distributed to any person or organization without company approval.

We have worked with Corporate Social Investment to identify several uniform donation resources. These are all approved locations for donations.
